

Rate card 2026

All prices in euros, excluding VAT
Valid from September 2026
printed 17 September 2026

CORE RATES

Hourly Development, consulting, coaching.	€90 / hour
Day rate One working day of focused delivery.	€540 / day
Training Preparation included, online or in person.	€100 / hour €800 / day
Training with travel Plus travel and accommodation at cost.	€1,500 / day

Project estimates are quoted in days against the day rate. A five-day project is €2,700.

RETAINED ENGAGEMENT

A guaranteed monthly commitment of two months or more, invoiced at the end of each month.

Half time	€3,600 / month
Full time	€7,200 / month

APPLICATION AUDIT

A structured review of an existing application covering security weaknesses, user experience flaws and code health. The report is written so that your own developer, or an AI coding assistant, can act on it directly.

Essential One codebase, one backend and database, fewer than 25 routes or screens, single authentication method, no payments.	€700
Standard Adds payments, third-party integrations, multiple user roles, or 25–75 routes.	€1,400
Complex Multi-tenant architecture, multiple repositories or services, or more than 75 routes. - Findings ranked by severity, each with reproduction steps - Fix guidance written to be actioned directly by a developer or an AI coding assistant - A prioritised remediation plan - A 45-minute walkthrough call	€2,500

Not included: penetration testing, compliance certification, and implementation of any fix. The tier is confirmed on a free 20-minute scoping call before any work is booked.

FOLLOW-ON OPTIONS

Re-audit once fixes are made Valid 90 days. 40% of the original tier.	€280 / €560 / €1,000
Remediation work Or fixed-quoted on request.	€90 / hour
Quarterly audit plan Four audits a year, billable monthly.	€2,100 / €4,200 / €7,500

USER TESTING PROGRAMMES

End-to-end management of structured user testing: test design, contacting and scheduling your testers, running the sessions, analysing the results and reporting back with recommendations.

Pulse	€1,400
Test design from proven templates, 4 remote sessions, findings report, 45-minute debrief.	
Standard	€2,700
Bespoke test design, 8 remote sessions (individual or two group sessions), severity-ranked findings, recommendations, 1-hour debrief.	
Deep	€5,000
Two rounds: 8 sessions, a fix window, 6 re-test sessions, comparative report.	

ADD-ONS

Additional session	€240
Tester recruitment	€600
Where no list is supplied.	
In-person sessions	€1,500 / day
Plus travel and accommodation at cost.	

You supply the list of testers unless recruitment is added. Participant incentives, where offered, are arranged and paid by you.

EVENT COVER

Reserved availability while your application is live at an event: server and status monitoring, incident response, bug fixes and handling user questions.

Remote cover, single day	€750
A 12-hour window.	
Remote cover, 3-day event	€2,000
Remote cover, 5-day event	€3,200
On-site cover	€1,500 / day
Plus travel and accommodation at cost.	
Pre-event readiness check	€400
A half-day in the week before: load and capacity check, backups verified, rollback plan agreed, escalation contacts confirmed.	

New feature work requested during a live event is billed at **€135 / hour**. Changes are safest made before the event, and this rate reflects the risk of making them during it.

ONGOING SUPPORT

A monthly block of reserved hours with a guaranteed response time, for applications in day-to-day use.

Essential	€440 / month
4 hours a month · next business day.	
Standard	€800 / month
8 hours a month · same business day.	
Priority	€1,440 / month
16 hours a month · within 4 hours, plus one out-of-hours callout per month.	

Three-month minimum, one month's notice to cancel or change plan. Unused hours carry over for one month, then expire. Hours beyond the plan are billed at €90 / hour. Work outside business

hours or at weekends is charged at 1.5×.

IMPLEMENTATION PROJECT MANAGEMENT

Acting as your technical counterpart with third parties: specifying and coordinating API and data integrations, briefing suppliers, provisioning the access marketing agencies need, and translating between your team and theirs.

Per integration	€1,200
------------------------	---------------

One supplier, API or agency: kickoff, technical specification, access provisioning, testing coordination and sign-off. Up to 10 hours.

Integration lead, up to 3 days a month	€2,100 / month
---	-----------------------

Ongoing coordination across suppliers for the duration of a project. Two-month minimum.

Integration lead, up to 6 days a month	€3,600 / month
---	-----------------------

As above, for heavier programmes. Two-month minimum.

Access and onboarding setup	€400
------------------------------------	-------------

Meta Business, analytics, tag manager, DNS and API credentials configured and handed over with correct permissions. Up to 4 hours.

Work beyond the hours stated is billed at €90 / hour, agreed with you in advance.

TERMS

Prices. All prices are in euros and exclude VAT. French clients should add VAT at 20%.

Travel. Any engagement requiring travel is charged at €1,500 per day on site, plus travel and accommodation at cost. Agreed in advance.

Outside business hours. Work carried out in the evening, at weekends or on public holidays is charged at 1.5× the applicable rate. Event cover is an exception, as its rate already assumes a long day.

Scope. Fixed-price work is delivered against a written scope. Anything falling outside it is either quoted separately or billed at the hourly rate, agreed with you before the work begins.

Payment. Fixed-price engagements: 50% on booking, 50% on delivery. Retainers and monthly engagements: invoiced at the end of each month. Invoices are due within one calendar week.

Validity. These rates apply from September 2026 and are reviewed annually.

The full conditions. The above are the headlines. My terms of business — scope, ownership, liability, payment and the rest — are at digitalbricks.io/terms.html and form part of any agreement.
